

**Simona Stolnicu, Professor of pathology, UMFST Targu Mures, Romania**

Simona Stolnicu is a professor of pathology at University of Medicine, Pharmacy, Sciences and Technology (UMFST) Targu Mures, Romania. She has a special interest in gynecologic and breast pathology and cytology. She graduated Medical School and pathology residency in Romania, followed by subspecialty training at MD Anderson Cancer Center (2008-2009), Memorial Sloan Kettering Cancer Center (2010, 2015, 2016), University of Granada (2007) and University of Trieste (2009, 2010). She received her PhD at UMFST Targu Mures. She authors over 150 peer-reviewed scientific publications and 20 medical books as editor and/or main author (including the latest WHO 2020 Blue Book on Tumors involving Female Genital Tract). She is Past-Chair of the Gynecologic Pathology Working Group (European Society of Pathology- ESP) (2017-2021). She is an Officer-at-Large on the Board Committee of International Society of Gynecological Pathologists (ISGyP). She is a member of the International Society of Gynecological Pathologists (ISGyP) Global Advisory Network. She is a member of the expert panel of International Collaborative on Cancer Reporting (ICCR) Carcinoma of the Cervix dataset. She is also involved in Project ECHO, a joint educational venture of the International Gynecologic Cancer Society and ISGyP where she serves as a pathology mentor in remote session with cancer centers in Caribbean countries. She has served as teaching faculty for continuing medical education events offered by ESP, Canadian Association of Pathologists, Latin American Pathology Society, International Society of Gynecological Pathologists, American Society of Clinical Pathologists, Vincent Academy of Pathology, International Gynecology Cancer Society (IGCS). She is an Associate Editor of the ISGyP journal as well as of the International Journal of Surgical Pathology. She is organizing an annual national conference on Gynecologic and Breast Pathology in Romania, since 2008 (see [www.patologia.ro/Scientific Events](http://www.patologia.ro/ScientificEvents)).
